

# TapCast

TapCast app

---

- **Mirror your laptop or mobile device**
- **Cast documents, photos and videos**
- **Control your projector or IFPD**
- **Android, iOS, Windows, MacOS and ChromeOS compatible**

Wirelessly display and share content on a big screen without any additional hardware using the TapCast app. You can easily mirror your Android, iOS, Windows, MacOS and ChromeOS device at the touch of a button. Or wirelessly cast documents, images or videos stored on your mobile device or laptop. The app also acts as a wireless mouse and keyboard allowing you to control your projector or interactive flat panel display (IFPD).

\*Compatible with select Optoma home projectors and interactive flat panel displays. See below for a list of compatible models.
